B.Ed. Division
Mock Interviews 2025-26

Mock interviews were conducted for second-year B.Ed. trainees to prepare them for future teaching opportunities and help them develop the professional skills required for a teaching career. The activity provided trainees with an opportunity to experience a simulated interview environment and understand the expectations of a teaching interview.

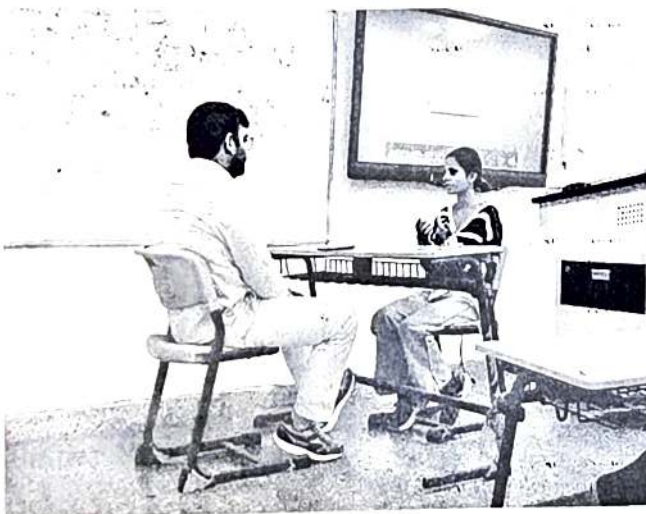

Objectives: To familiarise trainees with the interview process for teaching positions.

To develop communication skills, confidence, and self-presentation.

To assess subject knowledge, pedagogical understanding, and classroom management skills.

To improve the ability to answer interview questions clearly and effectively.

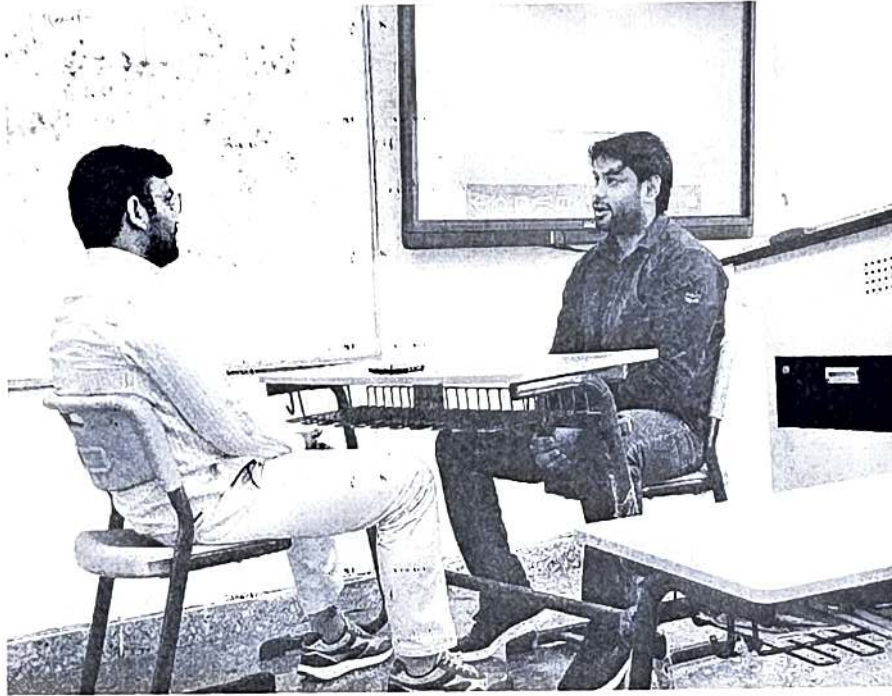

The mock interviews were conducted in a simulated professional setting. Trainees were asked questions related to their educational qualifications, teaching aptitude, pedagogical approaches, classroom management, lesson planning, assessment strategies, and handling diverse learning needs.

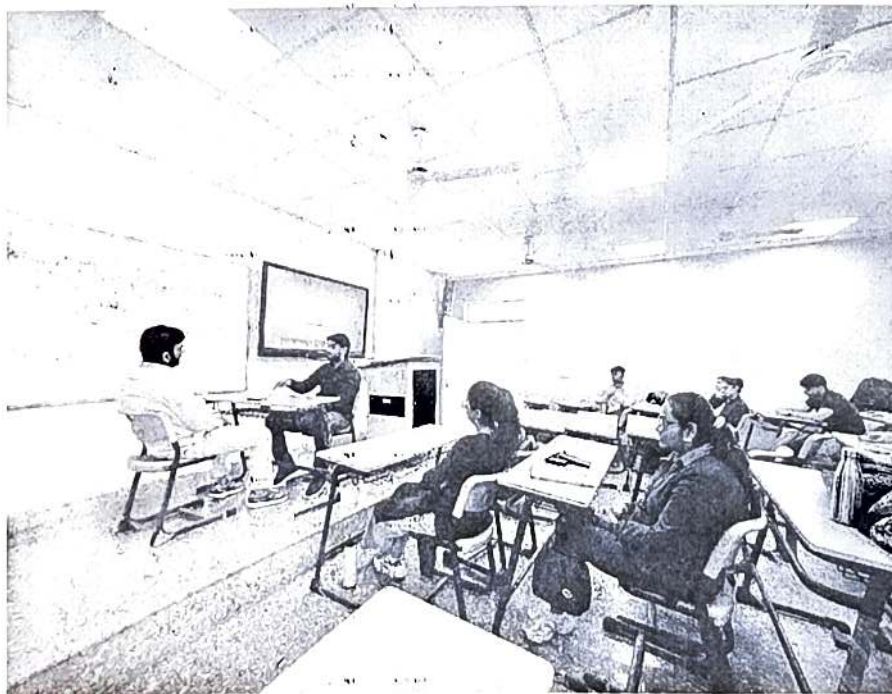

They were also encouraged to reflect on their responses and identify areas requiring further improvement.

Sharma

11(a)

The mock interview activity was a valuable professional development initiative for second-year B.Ed. trainees. It provided them with an opportunity to practise interview skills, receive constructive feedback, and prepare for future recruitment processes. Such activities can strengthen trainees' professional readiness and help them transition more confidently from teacher education programmes to teaching careers.
